MESSAGE

I am happy to know that VISWA BHARATHI UNIVERSITY, RAIPUR has commenced its activities at Chhattisgarh. The establishment of the Viswa Bharathi University has been a part of the initiative of the Government of Chhattisgarh to establish meritorious self financed Universities under the Chhattisgarh Niji Kshetra. Vishwavidyalaya (Sthapana Aur Vinayaman) Adhiniyam, 2002. I understand that the said University is launching specialized employment programmes in Information Technology, Medical, Education, Law, Management, Technology and vocational courses apart from regular Arts, Science and Commerce courses right from secondary to post graduate level with Distance and Regular programmes under the leadership of able academicians.

I wish the Viswa Bharathi University the best in all the endeavours.

MESSAGE

Ever since the initiation of economic reforms in early 90's the economy of the nation underwent radical changes. The economy was opened up to align it with the global economy. The liberalization, privatization and globalization moves brought about significant changes in the work environment of the industry. The enterprises are forced to operate in a new environment whose demands are therefore to acquire new skills, values, beliefs, work culture and ethics. The responsibility of imparting these traits to the would be entrepreneurs is bestowed upon the new line universities and institutions.

An apparent consequence of the economic reforms is redefining the role of government and the gradual shift towards laissez faire confers sovereignty on market forces. The tides of competition affected the external environmental forces making them more turbulent and volatile. As a result of this the industry invokes high-end engineering, techno based production methods and extensive application of scientific knowledge. The general management function becomes more complex and tedious and the entrepreneurs are compelled to come out with innovations in problem solving and decision making methods. The inter-disciplinary skills required to accomplish these gigantic tasks are to be imparted to the professionals by Universities with high level of academic maturity. The progressive academic entities are expected to play vital role amidst the sea changes cropping up across the globe.

Viswa Bharathi University as a new line academic entity of the 21st century endeavors to nurture new skills and talents to cope with the pressures exerted by new challenges ahead. Viswa Bharathi University invites all likeminded people to join hands with it to accomplish the tasks in the larger interest of the nation.

Viswa Bharathi University does not believe in producing just degree holders but students of substance with a comprehensive development of their personality which may assist them in getting trained and motivated for better prospects. The value based education will inculcate the qualities, beneficial to themselves and to the society at large.

(Dr. S. BADARUDDIN)

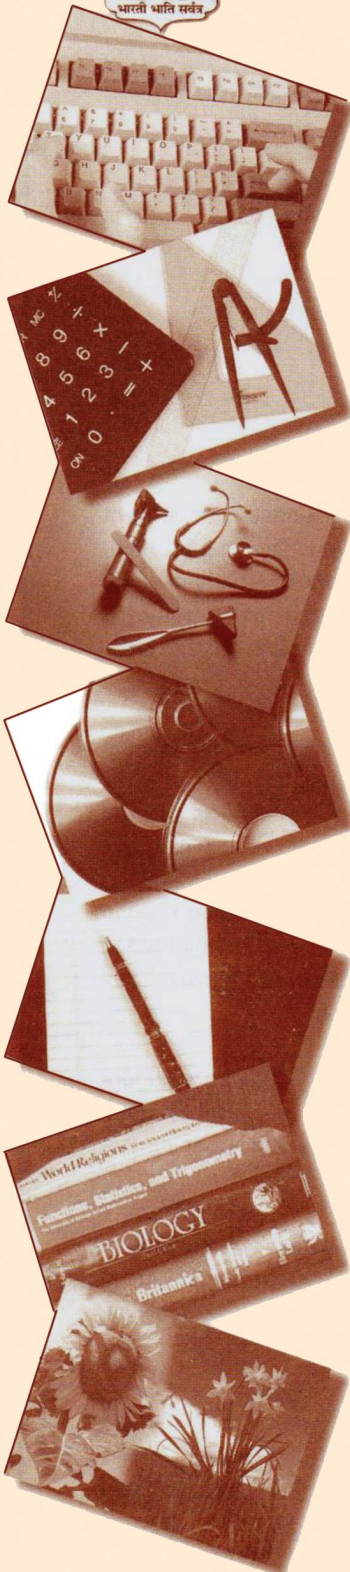

VISWA BHARATHI UNIVERSITY

Viswa Bharathi University, Raipur has been established an act of Chhattisgarh Legislative Assembly under Chhattisgarh Niji Kshetra Viswavidyalaya (Sthapana Aur Vinayaman) Adhiniyam , 2002 as published in the Gazette Notification No. F 73-57/2003/HE/38 as a State University as defined in section 2(1) of University Grants Commission Act. The University is established with the objective of imparting high-end and industry relevant education to equip the prospective incumbents of the wheels of industry with skills and managerial capabilities to accomplish the objectives entrusted to them.

Viswa Bharathi University provides education and training, certification in the areas of technology, applied sciences and management degree and postdoctoral qualification. The university offers conventional as well as industry related, job oriented, restructured programmes at bachelor and master degree levels. The major thrust areas of learning identified to this end are technology, applied sciences, life sciences, management and commerce.

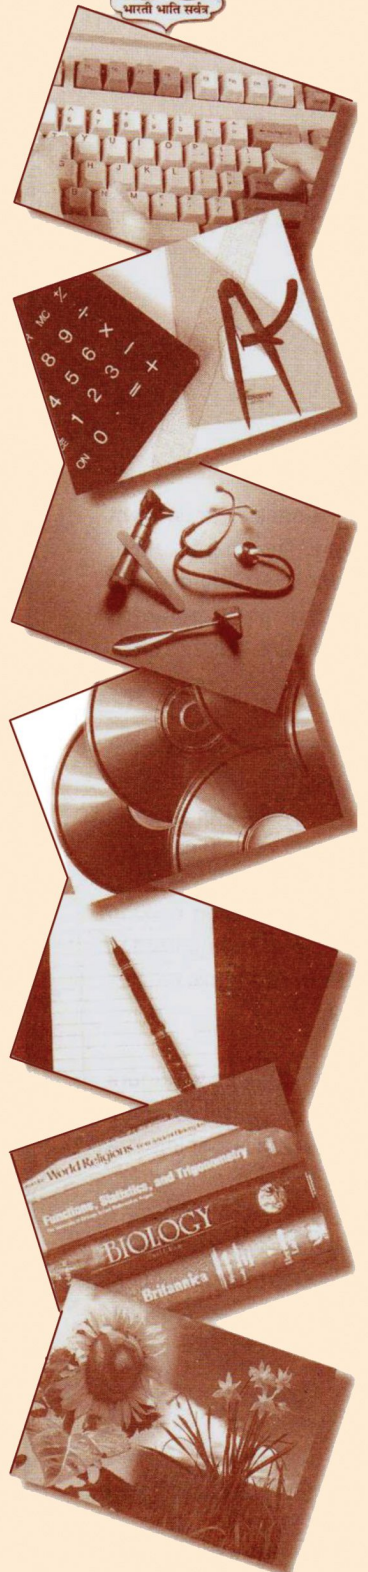

Viswa Bharathi University offers the various Diploma and Bachelor Degree, Master Degree programmes in the areas afore stated in its main campus located in the state of Chhattisgarh and at the constituent / extension centers located in different parts of the Country and abroad. The campus based programmes and off campus programmes are conducted in absolute alignment without any distinction in terms of the quality of the programme or the contents of the programme.

Viswa Bharathi University sponsored by Viswa Bharathi Educational development society, a non-profit oriented organization has been promoted by eminent personalities from different walks of life. The society came into existence due to the active participation and involvement of sri A.V.V. Raju, a renowned academician, philanthropist, social activist, sri A.V.V. Raju committed to the social cause of promoting value based education is at the helm of several educational societies which are managing several prestigious educational institutions have celebrated their decennial functions in the year 202003.

The various programmes offered by Viswa Bharathi University and the delivery structure of the programmes, instruction delivery methodology are governed by the vision of the governing and academic council consisting of experienced and renowned academicians.

In consistency with what has been stated, supra Viswa Bharathi University allows for innovation, flexibility, the emerging trends and the needs of the employers of 21st century in the design, content and quality and offer modes of programmes accordingly. The canons of education accepted and recognized worldwide are strictly adhered to determine the eligibility of the learners for the award of bachelor and master degrees. The programmes of Viswa Bharathi University thus enable them to have continuation of the learning process in any part of the world. The transitional adaptability of Viswa Bharathi University programmes provides those graduated with opportunities available across the world.

Viswa Bharathi University evolved a mechanism for automatic and frequent revision, updating of the contents of various programmes offered in tune with the changing technological, social and political scenarios in the world context to absorb the latest thinking and publications. It is equally emphasized to bring about modifications in the delivery methodology in order to keep it consistent with the changes in the contents of programmes.

Viswa Bharathi University has the principal objective of encouraging students with outstanding merit. Offering rewards, merit scholarships, fees concessions are some of the constituents of the package evolved in this regard.

• Viswa Bharathi University accords top priority to the placement of graduates and postgraduates in various sectors of the economy. A separate wing will look after this vital function. The placement wing functions as an independent responsible center. Apart from the placement activities the wing strives to promote coordination with industry and to assess the industrial requirements. On these lines it will be developed in to the status of a center of excellence.

Viswa Bharathi University has chalked out plans to have tie-up with universities and Institutions on National and International level by entering into MOU. Through this Viswa Bharathi University shares information with the rest of the Universities and institutions in the world. Student exchange programmes, technology summits, workshops on subjects of mutual interest, joint research projects will be undertaken to facilitate knowledge dissemination.

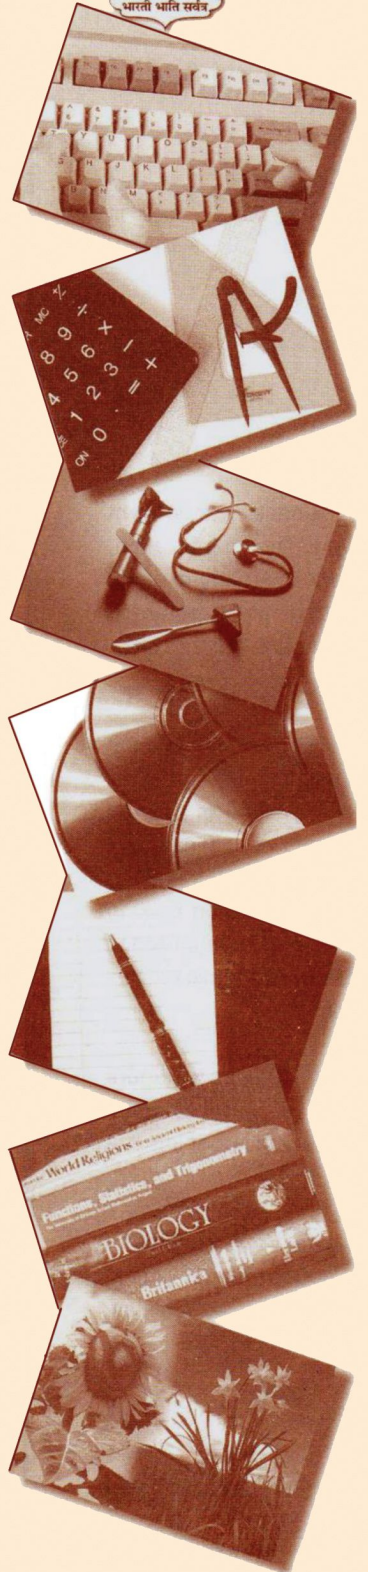

V I S I O N

Viswa Bharathi University envisioned to narrow down the gulf between the actual rate of formation of human capital and the ideal rate required to take care of the developmental needs of the nation at this juncture. Viswa Bharathi University is committed to impart education and training on par with those in developed nations. The University will play the crucial role in the higher education segment of the nation with special emphasis on Engineering and Technology, Medical and Para Medical Sciences, Information Technology, Commerce and Business Management.

The university has identified the four corners of its base as Teaching, Research, Publications and Training.

The University gives due recognition and keeps abreast of the rapid changes in the environment and brings about modification in the curriculum, instruction methodology so as to play a major role among the universities world wide. Apart from lying upon the academic exercises and theoretical knowledge base the University focuses upon the ability of the learner to apply the theoretical knowledge base in solving various problems being faced by the nation. Appropriate innovative programmes will be initiated to test the students skills both as leaders and individuals on this Front.

The learners will be imparted technical, analytical, human and conceptual skills and special emphasis will be given to imbibe managerial values and to show unflinching commitment to the professional code of conduct and ethics.

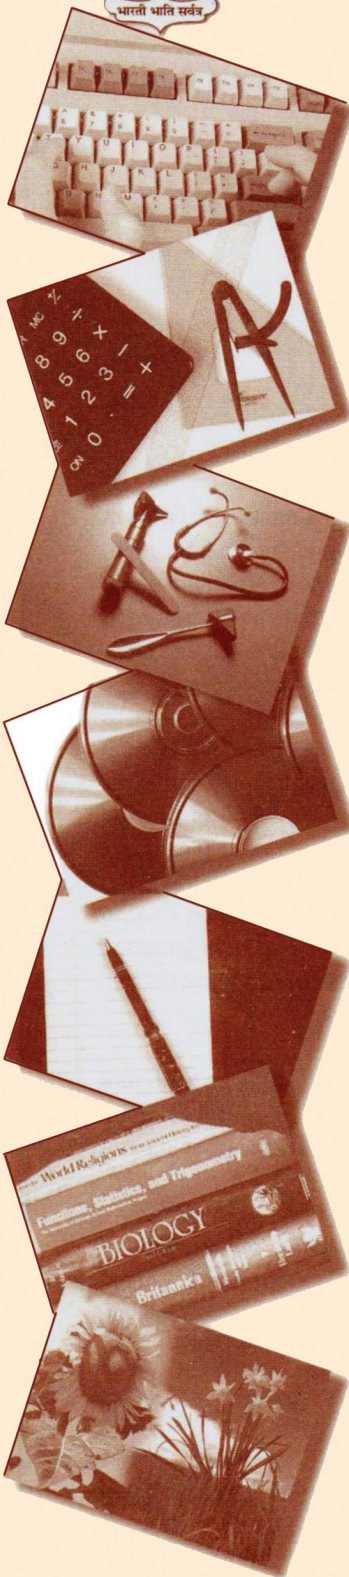

The University undertakes to upgrade the syllabi on sustained basis by evolving suitable operational mechanism to take care of this core function. The University introduces such systems where the degree of academic maturity of the learners is assessed at the entry level itself. To safeguard the interests of the student with reasonable academic maturity, they will be placed under appropriate programmes to defend their interests in terms of time.

For these categories of students devices like lateral entry system, accelerated learning system etc., will be introduced to enable them to accomplish their academic commitments on a fast track basis.

The University maintains good rapport with the industry and the latter is encouraged to take active part in the areas of designing courses and framing the syllabi. The interaction will be extended to other areas on the criteria of mutual benefit and sharing and sharing of understanding.

The University lays emphasis on research and publications. The treasures of talent are discovered through the process of continuous assessment and research projects in vital areas of science, assessment and evaluation technology and management will be taken up.

The University constitutes a knowledge center, which is the focal point for the university to emerge as a center of excellence. The publication work which takes the form of in-house journal, reading material and standard textbooks and thesis is structured around the knowledge center. In order to augment the quality and quantity of the publications the knowledge center enters into MOUS with its counter parts in various universities the world over.

The University offers programmes on and off campus basis. Study centers are established throughout the country to be transformed into centers of academic excellence over a period of time to nable those deprived of formal education and training through distance mode.

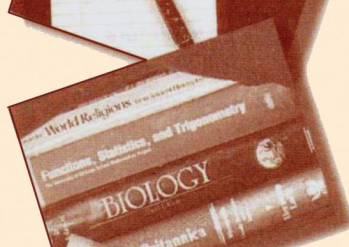

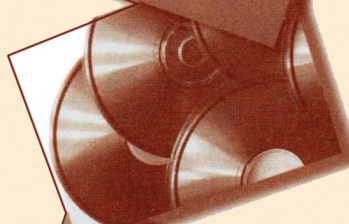

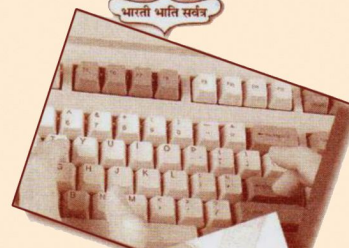

EXTRA CURRICULAR AND CO-CURRICULAR ACTIVITIES:

At Viswa Bharathi University student are encouraged to participate actively in various extra curricular and co-curricular activities in order to enrich their personally.

- Incomplete application form (or) Shortage of fee
- Lack of required educational qualifications/documents
- Violation of any of the conditions given in the application form

Education enlivens the spirit of man and it enlightens humanity. Education is to man, what spirituality is to soul. It bestows honor and veneration on man beside riches and prosperity. It elevates man to the pinnacle of success and glory, where men are adored and worshipped. It is the one that makes a man conform to lofty ideas, which set the goal for the attainment of noble objectives in life. It elevates our character and raises us to a high plane.

The logo depicts India prominently on the globe placed in lotus. The rays of sun representing source of knowledge illuminates everything around it. It dispels darkness of ignorance and the book placed helps in awakening the consciousness of knowledge and wisdom.

Human being born in the darkness and glooms of ignorance comes out and blossoms with knowledge and wisdom acquired though the process of formal education and training, as is the characteristic of lotus, which grows in the murky water, yet sprouts and blossoms out free from the darkness and gloom of polluted water. It is education that inculcates among men the characteristic feature of lotus that remains buried in the marshy and filthy soil yet remain untouched and unpolluted.

The literal meaning of Viswa Bharathi is construed as Universal Scholar. Viswa means Universe Bharathi refers to a Scholar. Viswa Bharathi is symbolically depicted in the logo, by thickly marking Bharath in the Viswa, as Bharath being the part and parcel of Viswa. It signifies and delineates that India is not confined education wise to its boundaries, but reaches out far beyond in terms of cultural and educational compatibility encompassing within its fold the real education of man and morality which is the only immortal truth in this moral and surreal world.

Bharath being the soul of wisdom has the four Vedas engraved thousands of years ago throwing light upon the path of mankind. The philosophy and ideology evolved, the cultural and ethical values taught, the life style followed during the Vedic era are inherited by the nation from the ancestors.

The slogan “Bharathi Bhati Sarvatra” means that education illuminates everywhere dispelling the darkness of ignorance.

Viswa Bharathi University imparts education of global standards and inculcates the Indian values and ethics. Every student of Viswa Bharathi University is “A Viswa Bharathi” in its intrinsic sense. The slogan reflects upon the university to produce technocrats scientists and professionals with positive attitude, unbiased perception and global perspectives, which will enable “Every Viswa Bharathi” to develop transnational mobility and avail themselves of the opportunities made available and make them competent and compatible enough to work in any environment across the globe.

Thus the logo depicts India as an epitome of knowledge spreading the rays of wisdom transcending the visible frontiers so as to make human life meaningful and worth living.

The fragrance of education travels across the regional, social, economic and cultural barriers and helps to instill and imbibe the values, morals and ethics which are considered to be the essential ingredients for building such a society the qualities of which finally remain as impeccable hallmark of true learning.

Dated: 20/12/2004

Dear Dr. Chauhan,

This has reference to DO Letter No. F.1-8/2004(M&E)IPU dated 30/4/2004 sent by Dr. Tilak R. Kem to then Secretary (Education) government of Chattisgarh, your letter no. F.1-1/2000(M&E) dated 21/9/2004 sent to me and our letter No. 287/UGC/151/04/222 dated 27/11/2004 sent to you by Dr. U.s. Pathak, Education Advioser. (Photo copies of all the letters referred to here are enclosed as Annexure-I, II and III

We have very carefully examined the reports submitted by the Inspection Committees constitute by the UGC with regard to 37 Private Universities established in this State. We also constituted our own Committees of inspections to find out the exact position of each and every 37 Universities keeping in view the comments of the UGC Inspection Committees. A comparative picture of the UGC committees observations and our own Committees observations are enclosed herewith as Annexure-IV.

After a careful scrutiny of the observations made by the UGC committees and our Committees and further discussions in this regard with the representatives of the Universities, we are of the view that the following 17 Universities have shown substantial progress.

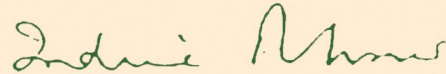

- 1. Sri Rawatpura Sarkar International University**
- 2. The ICFAI University**
- 3. Dr. C.V.Raman University**
- 4. Kawa Global University**
- 5. Viswa Bharathi University**
- 6. MATS University**
- 7. Rai University**
- 8. Amity University**

9. International University for Human Transformation
10. Gurukul University
11. IAS International University
12. G.H.RAISONI International University
13. Swami Vivekananda University of Science & Technology
14. University of Technology & Science
15. Mewar University
16. ITM University
17. NIILM University

We would request you to place the names of the above 17 universities before the ensuing meeting of the University Grants Commission. As regards other 20 Universities. We have initiated process to point to point out their shortcomings. As soon as we get information that due action has been taken by the concerned University with regard to the shortcomings pointed out by us, We would send the name of such University to you for consideration of the University Grant Commission.

With regards,

Yours sincerely,

(Dr. Indira Misra)
